

# Student Acceptable Use Agreement 2017-2018

for the use of digital technologies and the internet in years 5 and 6

## Introduction

At Monmia Primary School, we support the rights of all members of the school community to be provided with and engage in a safe, inclusive and supportive learning environment. This extends to the use of digital tools and online communities and is underpinned by our expectation of safe and responsible behaviour of all members of the school community.

At our school we:

- have a **Student Engagement and Wellbeing Policy** and **Digital Technologies Policy** that together, communicates our school's values and expected standards of student behaviour, including actions and consequences for inappropriate use of digital technologies
- educate our students to be safe and responsible users of digital technologies.
- raise our students' awareness of issues such as online privacy, intellectual property and copyright
- supervise and support students when using digital technologies within the classroom and establish clear protocols and procedures when working in online spaces including reviewing and considering the safety and appropriateness of online tools and communities:

- provide students with a school email address, using the DET ISP provided accounts, that is managed at school. The email address provides no personal details about the student's identity
- use a range of online services to support students in their learning. To minimise risk in using these services we,
  - adhere to the age limits outlined in the terms and conditions
  - use school managed student accounts
  - request parent permission to set up student accounts
  - ensure we have the capacity to supervise the access of online services
  - review student work and online interactions
  - use DET endorsed and/or Australian-based online services whenever available
- respond to issues or incidents that have the potential to impact on the wellbeing of our students including those reported through online services
- know that some online activities are illegal and as such we are required to report this to the appropriate authority
- support parents/guardians to understand safe and responsible use of digital technologies, potential issues and the strategies that they can implement at home to support their child; providing this Acceptable Use Agreement and current information from both the Department of Education and Training and Cybersmart:
